

# modusCloud Integration for ConnectWise Manage

## Giving MSPs a Better View of Their Customers' Security

### Core Concepts

- ▶ modusCloud integrates with ConnectWise Manage, allowing MSPs to view their active users and billing information
- ▶ With this integration, understanding your costs with modusCloud are easier than ever
- ▶ modusCloud offers powerful protection from spam, phishing, malware, ransomware and fraud executed through email
- ▶ modusCloud's cloud-based multi-tenancy is ideal for MSPs offering Office 365 and other cloud services
- ▶ Email Continuity, Email Encryption with DLP and cloud-based Email Archiving in modusCloud all offer more revenue while keeping clients safe and compliant

### What You Gain

- ▶ Simplify and automate billing by eliminating the need for auditing invoices to customers and from Vircom, giving you one less thing to worry about
- ▶ Powerful email protection that creates security, trust and peace of mind for your clients

Vircom has always been driven to accommodate partners with the best possible solutions, allowing them to do and sell more while saving time by keeping their customers safe and secure. With modusCloud, multi-tenancy and easy management come to the fore as a powerful way to deliver email security, but Vircom has taken it a step higher, integrating this solution with our MSPs' PSA of choice: ConnectWise Manage.

### What are the benefits of modusCloud's ConnectWise Manage Integration?

**Maintain visibility on your users and billing:** The modusCloud integration for ConnectWise Manage provides an automated way of synchronizing the mailbox count of a company protected by modusCloud with its corresponding ConnectWise Manage Company. Furthermore, on demand, the MSP's unit cost for modusCloud packages can be synchronized, making management of modusCloud for MSPs easier than ever before.

The screenshot shows the ConnectWise Manage interface. On the left is a sidebar menu with icons for Companies, Sales, Marketing, Procurement, Project, Service Desk, Time & Expense, Finance, and System. The main area displays a form for 'Additions' with the following fields: Product ID (modusCloud Advanced), Description (modusCloud Advanced), Total Quantity (1), Less Included (0), Quantity to Bill (1), Unit Price (5.00), Unit Cost (2.00), Effective Date (Wed 12/09/2018), Canceled Date, Serial Number, Opportunity, Sequence (1.00), Bill Customer (Billable), UOM (Hour), Ext Price (5.00), Ext Cost (2.00), Margin (3.00), Drop Ship, Special Order, and Purchase Item. The Product Invoice Description field contains 'modusCloud Advanced'.
